## CONFIRMATION LETTER

Norwegian Mapping Authority hereby confirm that a Ukrainian company Aviation Accounting Centre was a contractual party in the Agreement no. 14/05733-20 dated 29.05.2015 on "Aerial photography, production of digital terrain model and digital orthophotos for selected areas of Georgia".

The project was financed by the Norwegian Ministry of Foreign Affairs and was implemented through the Norwegian Mapping Authority.

The scope of the contract included pre-marking of ground control points, aerial photography, airborne laser scanning, and production of digital terrain model, contour lines and digital orthophotos for selected areas of Georgia.

The products of the project delivered approved and paid for, are as follows:

- Pre-marking and surveying of ground control points for the project area of 40.000 sq.km.
- Aerial photographing of the project area of 40 000 sq.km.
- DTM and contour lines for 40 000 sq.km.
- Orthophoto 20 cm for 40 000 sq.km.
- Lidar scanning and delivery of point cloud for the pilot project area of 1 100 sq.km.

The total contract price of NOK 8.522.600,- was fully paid for approved and accepted deliveries. The project is now successfully completed with 1-year warranty period for complaints.
